

Stream unlimited music legally

## Music Channels designed exclusively for Businesses

Stream unlimited music legally in your Wi-Fi connected business via our new mobile app. Designed for businesses and screened for inappropriate content, this budget-conscious solution requires little to no training and does not involve any wiring or installation.

- Choose from 2000 music channels spanning 100 music genres.
- Broadcast your content legally.
- Enjoy unlimited streaming in the highest quality digital audio.
- Navigate freely from one channel to another to change the mood in your business as the day unfolds.
- Bookmark your favourite channels and ban songs you don't like never to hear them again!
- Search and explore by artist, keyword, music genre, etc.
- Available on your iPhone, iPod touch, iPad or Android device.
- No ads, no talk. Just great music!
